This questionnaire has the purpose of obtaining information about the degree of satisfaction from every graduation candidate. PUPR appreciates the time taken to answer it.

Note: Please be sincere and objective. Name not required.

Date (MM/DD/YY)

Part I - Instructions: Write the number of the legend that best rates, in your judgement, the statement with respect to its importance for a bachelor degree graduate. DO NOT WRITE TWO NUMBERS IN THE SAME MATRIX ELEMENT.

Legend:

5 - Completely in agreement
4 - Basically in agreement
3 - Neutral
2 - Basically in disagreement
1 - Completely in disagreement

Statements about Faculty

The faculty of the given component courses are characterized by:

a. having the necessary academic and technical knowledge

b. the ability to teach effectively

c. the ability to stimulate reasoning and critical thinking

d. the habit of treating students with respect

e. using different assessment and evaluation techniques, such as formative exams, reports, team projects, summative exams, etc.

f. stimulating students to seek their help when necessary

g. accepting comments and constructive critique form the students

h. effective counseling, advising and mentoring

i. the ability to communicate effectively

j. the enthusiasm for developing more effective courses

k. the diversity of backgrounds and engineering experience

Department

- Business Administration
- Land Surveying
- Architecture
- Environmental Engineering
- Civil Engineering
- Computer Engineering

- Electrical Engineering
- Industrial Engineering
- Mechanical Engineering
- Chemical Engineering
- Computer Science
Part II: Instructions: Blaken the circle that best rates in your judgment, the statement with respect to its importance for a bachelor degree graduate. DO NOT BLAKEN TWO CIRCLES ON LINE. Use a pencil only. The given legend applies.

Statements about PUPR

At PUPR, administrative processes serve the student body well........................................... O 5  O 4  O 3  O 2  O 1
At PUPR, student services are well designed and help the students effectively in their learning efforts................................................ O 5  O 4  O 3  O 2  O 1
My learning experience at PUPR prepared me well for the future working environment........ O 5  O 4  O 3  O 2  O 1
My experience at PUPR was rewarding and enjoyable...................................................... O 5  O 4  O 3  O 2  O 1

Statements about skills, attitudes, and knowledge acquired

Throughout the different courses and components of the program I developed thoroughly the ability to:

a. apply knowledge of mathematics, science, and engineering........................................ O 5  O 4  O 3  O 2  O 1
b. design and conduct experiments, as well as analyze and interpret data.......................... O 5  O 4  O 3  O 2  O 1
c. design a system, component or process to meet desired needs........................................ O 5  O 4  O 3  O 2  O 1
d. function on multiplinary ........................................................................................................ O 5  O 4  O 3  O 2  O 1
e. identify, formulate, and solve engineering problems....................................................... O 5  O 4  O 3  O 2  O 1
f. understand the professional, ethical, and social responsibilities of engineering work........ O 5  O 4  O 3  O 2  O 1
g. communicate effectively in English both orally and in writing........................................ O 5  O 4  O 3  O 2  O 1
h. communicate effectively in Spanish both orally and in writing........................................ O 5  O 4  O 3  O 2  O 1
i. understand the impact of engineering solutions in a global and societal context after acquiring the broad education necessary for it............................................................. O 5  O 4  O 3  O 2  O 1
j. respond with openness to change in recognition of the need for, and an ability to engage in life long learning............................................................ O 5  O 4  O 3  O 2  O 1
k. use the techniques, skills, and modern engineering tools necessary for engineering practice................................................................. O 5  O 4  O 3  O 2  O 1
l. be aware and gather knowledge of contemporany global issues........................................ O 5  O 4  O 3  O 2  O 1
m. communicate effectively using graphics............................................................................. O 5  O 4  O 3  O 2  O 1
n. perform engineering economics analyses............................................................................ O 5  O 4  O 3  O 2  O 1
